

Hello Speech Developmental Services

In-Home and Virtual Speech
Therapy, Occupational Therapy,
and Behavioural Coaching

About Us

Hello Speech is a family practice founded by good friends Mary Plain and Ronit Rosenblum. Mary is a Speech-Language Pathologist and Ronit is a Communicative Disorders Assistant/Behaviour Analyst. Together, they have over 30 years of clinical experience working with a wide variety of communication, developmental, and learning differences. By combining their specialties, they are able to maximize the learning of the children they support.

Our Approach

Therapy helps children interact with the people and world around them in a meaningful way.

By providing virtual, in-home, and community-based services, we can meet children where they are and create safe learning environments where families are encouraged to participate in their children's developmental process.

Working as a team and leveraging an array of different specialties we can address the unique needs of each child and support families as a whole.

Our Team

Communicative Disorders Assistants (CDA)
Speech-Language Pathologists (SLP)
Speech-Language Therapy Assistants (SLTA)
Board Certified Behaviour Analysts (BCBA)
Occupational Therapists (OT)
Occupational Therapy Assistants (OTA)

For Speech Therapy, Occupational Therapy, or Behavioural Consultations, call us at 647-202-2377 or email us at info@hellospeechgta.com.

Diagnostic Assessments

Developmental Assessments are provided by a Physician and a Speech-Language Pathologist for diagnostic queries related to Autism Spectrum Disorder and other Developmental Delays.

A referral from your child's doctor is required and can be faxed to 437-317-9836.

Developmental Assessments are partially covered by OHIP. However, there is a fee for the assessment, which can often be claimed under Speech-Language Pathology benefits provided by your insurer.

For more information, email us at info@hellospeechgta.com or give us a call at 647-202-2377.
